A. GENERAL SITUATION TODAY

The earthquake occurred on Monday, 17 July 2006, then followed by tsunami, caused a damage to several parts of postal infrastructure and assets in southern part of Java island. Nevertheless, the postal staff and their family survived and no one was injured even died.

During the disaster, the high tide generated flood streaming into a post office situated in Cipatujah locality (West Java). Within the same day, the flood got lower and the post office floor turned to dry.

The next day after the disaster, on 18 July 2006, the postal services have been turned to operate normally.

B. ON-SITE CURRENT REPORT

1. Southern part of West Java: four sub-post offices along Banjar and Tasikmalaya localities i.e. Parigibanjar, Cijulang, Pangandaran, and Cipatujah are operating normally.
2. Southern part of Central Java and Yogyakarta: Sub-post offices along Cilacap, Wonosari and Bantul localities are operating normally.
3. There is no material loss (assets, buildings and other infrastructure).

A. KEADAAN HARI INI SECARA UMUM

Gempa bumi terjadi pada hari senin tanggal 17 July 2006, dan di ikuti bencana tsunami yang mengakibatkan kerusakan di beberapa bagian infrastruktur pos dan asset-asetnya di bagian selatan pulau jawa. Walaupun demikian, karyawan pos beserta keluarganya selamat dan tidak seorangpun yang terluka dan sampai tewas.

Selama terjadi bencana, air pasang yang tinggi mengalir ke kantor pos yang berlokasi di Cipatujuh (Jawa Barat). Di hari yang sama, air pasang berangsur surut dan kantor pos kembali kering.

Esok hari setelah bencana, tanggal 18 July 2006, pelayanan pos kembali beroperasi dengan normal.

B. LAPORAN UMUM DARI TEMPAT KEJADIAN

1. Bagian selatan pulau Jawa Barat: empat cabang kantor pos sepanjang Banjar dan Tasikmalaya tepatnya di Parigibanjar, Cijulang, Pangandaran, dan Cipatujuh sudah kembali beroperasi secara normal.
2. Bagian selatan pulau Jawa Tengah dan Yogyakarta: cabang kantor pos sepanjang Cilacap, Wonosari dan Bantul sudah kembali beroperasi secara normal.
3. Tidak ada material yang hilang (asset-aset, bagunan-bangunan dan infrastuktur yang lain).
