TABLE OF CONTENTS

CHAPTER 1: INTRODUCTION **1**

1.1. Background 1

1.2. Problem Identification and Formulation 4

1.2.1. Identify the Problem 4

1.3. Problem Formulation. 5

1.4. Research Objectives 6

1.4.1. Research Purposes 6

1.4.2. The Purpose of This Research 6

1.5. Research Benefits 7

1.5.1. Practical Uses (School) 7

1.5.2. Education System 8

1.5.3. Academic Purpose 8

1.6. Limitations 8

1.6.1. Limited Users 9

1.6.2. Online 9

1.7. Locations and Research Time 9

1.7.1. Location of the Research 10

1.7.2. Research Time 10

1.8. Systematic Writing 11

CHAPTER 2: THEORETICAL 14

2.1. Information 14

2.1.1. Qualities of Good Information 14

2.2. System 15

2.2.1. Features of a System 16

2.2.2. Components of a System 16

2.2.3. Types of System 18

2.3. Information Systems 19

2.3.1. Components of Information System 19

2.4. Secondary Education ..... .20

2.4.1. Terminology 21

2.5. Enrollment 21

2.6. Registration 21

2.7. School Fee Ledger 21

2.8. PHP Programming 22

2.9. JavaScript 23

2.10. HTML 23

2.11. Cascading Style Sheets (CSS) 25

2.12. Database 25

2.13. Database Management System (DBMS) 26

2.14. MySQL 26

2.15. UML (Unified Modeling Language) 27

2.15.1. UML Architecture 27

2.15.2. Structural Diagrams 28

2.15.3. Behavioral Diagrams 30

2.16. Object-Oriented Analysis and Design (OOAD) 32

CHAPTER 3: OBJECT AND METHODS 34

3.1. Research Object 34

3.1.1. History of The Company 34

3.1.2. Organizational Structure of Fr. Peter Secondary School 36

3.2. Research Methods 37

3.2.1. Research Design 38

3.2.2. Types and Data Collection Methods 38

3.2.2.1. Collecting Primary Data 38

3.2.2.2. Collecting Secondary Data 39
3.2.3. Method and System Development Approach 39
3.2.3.1. Systems Approach Method 39
3.2.3.2. Systems Development Method 40
3.2.3.3. Analysis and Design Tools 43
3.2.4. Testing Software 44
3.2.5. Analysis of Current System 45
3.2.5.1. Analysis of Current Document 46
3.3. Analysis of Current Procedures 47
3.3.1. Use Case Diagram of School System The Ongoing 48
3.3.1.1. Scenario Use Case Diagram of School System The Ongoing 48
3.3.2. Activity Diagram System The Ongoing 55
3.3.3. Ongoing Evaluation System 63

CHAPTER 4: RESULTS AND DISCUSSION 65

4.1. System Design 65
4.1.1. System Design Objective 65
4.1.2. Proposed System Overview 66
4.1.3. Proposed Design Procedure 66

4.1.3.1. Use Case Diagram 67

4.1.3.2. Scenario Use Case 68

4.1.3.3. Sequence Diagram 78

4.1.3.4. Class Diagram 83

4.1.3.5. Deployment Diagram 85

4.1.3.6. Network Architecture of the Proposed System 85

4.2. Implementation 87

4.2.1. Implementation Limits 88

4.2.2. Software Implementation 88

4.2.3. Hardware Implementation 88

4.2.4. Database Implementation (SQL syntax) 89

4.3. Interface Implementation 101

4.3.1. Following is the interface implementation of user: Admin/Secretary 101

4.3.2. Following is the interface implementation of user: Registrar 113

4.3.3. Following is the interface implementation of user: Cashier 119

4.3.4. Following is the interface implementation of user: Student 124

4.4. Testing 128

4.4.1. Testing Plan 128

4.4.2. Cases and Test Results 131

4.4.3. Conclusion of Testing Results 136

CHAPTER 5: CONCLUSIONS AND SUGGESTIONS 137

5.1. Conclusions 137

5.2. Suggestions 138
