ACKNOWLEDGEMENT

I would like to take this opportunity to express my sincere thanks to my supervisor **Ms. Citra Noviyanti S. Si, MT** and **Ms Imelda, S.T.MT** for their guidance, advice and support during my thesis research and Bachelor study at the Indonesian Computer University, Unikom. Noviyanti and Imelda are both an excellent advisors, and I am immensely grateful for their help they have given me. Their talents combined with the depth of their technical knowledge have provided me with incredible amounts of insightful feedback on my research. I also extend my grateful gratitude to all the lectures especially in the Information Management System Department for their wonderful and tireless effort to bring me this far.

Special thanks to my sponsor, the Indonesian government for their continuous support and school of Information Management System department at the University, Unikom for providing me with the opportunity to pursue my study.

Finally I would like to thank my parents especially to my brother **Peter Lulpis** for his continuous support and a very special heartfelt thanks to my cousin **Luke Simon Akop** for his generosity and endless financial assistant to take me this far. I am very grateful for their love, support, understanding, patience and encouragement through the years of my life. I thank them from the bottom of my heart.
