ABSTRACT

Alif Manggaliknyeh, 44302025. ***Influence Of Cooperation beetwen The Corruption Eradication Commision (KPK) with The Korea Independent Commision Against Corupption (KICAC) on Combating Corruption in Indonesia. International Relationship Study Program, Departement of International Relation, Faculty of Social and Political Science, Bandung 2009.***

This research has explained about how big the Influence of KPK and KICAC can minimized corruption crime in Indonesia, period 2006-2008. The cooperation process between KPK and KICAC to help combating corruption process in Indonesia based on MoU. The cooperation programme is consisting two poin. First, to establishes and to reinforces the cooperation between both of the institutions especially in preventing the corruption. Second, to promotes and increases the capacity of both institutions in developing the anti-corruption's syatem and strategy including informations exchange.

The method of this research is using analytical descriptive whereas through the method we able to observe the International Cooperations also the role of International Organizations effort on Combating Corruption in Indonesia.

The frameworks in this reseach used International Relation Theory, International of Law theory, and International Cooperation. The methode used Descriptive Analitic with Library Reserch as collecting data. And finally we can get the hypotesis: ***"If the Implementation of the cooperation program on combating corruption based on cooperation MoU both institutions and UNCAC, so the corruption can be minimized."***

The cooperation effort KPK and KICAC can be shown from the result of MoU signing is the investigation of VLCC tanker's purchasing and re-sale conducted by PERTAMINA involving the Hyundai Heavy Industrie from South Korean. KPK also adopted the witness protections system belongs to KICAC, since of the witnesses protection constitution released by the Indonesian's government still needing another supporting constitutions.

Key Words: KPK, KICAC, Combating Corruption, International Cooperation
