

ACKNOWLEDGEMENT

First of all, I would like to thank God Almighty for giving me the opportunity and guidance to achieving my goal and to be successful in this part my life's journey so far. Then I would like to thank my mother and family for their upbringing of me and their tireless efforts and support in every path I take to achieve my dreams and goals.

I would like to give special thanks to Universitas Komputer Indonesia (UNIKOM) for giving me the opportunity to complete my studies successfully and granting me a Bachelors' Degree majoring in Management Information Systems. On top of that, I also give many thanks to the Rector, Dr. Ir. H. Eddy Soeryanto Soegoto, M.Sc., for his sound management of the university by providing world class facilities for students to achieve high standards of learning and education levels. And also, I give many thanks to the faculty of Computer Science and Engineering, Department of Information Systems, administration staff and lecturers for their kindness and cooperation with me during my studies at the university. Not forgetting the Director of International Program and Unggulan Scholarships, Dr. Inta Budi Setya Nusa, SE., M.Ak, and his staff for their great efforts in managing international student affairs and for always being there when I needed further assistance.

Last but not the least, I want to thank my Information System lecturer, Ms. Imelda, ST. MT, for being my Guardian Lecturer, and Prof. Dr. Hj. Umi Narimawati, Dra. SE, M.Se., for being my Supervisor to my Thesis project. I am forever thankful and indebted to you for sharing your knowledge, expertise, guidance and consistent encouragement from the beginning up until the completion of my final research thesis.

Thank you for supporting and guiding me to where I am today. May the Almighty God continue to bless you all!
