PEMAHAMAN TENTANG RUANG

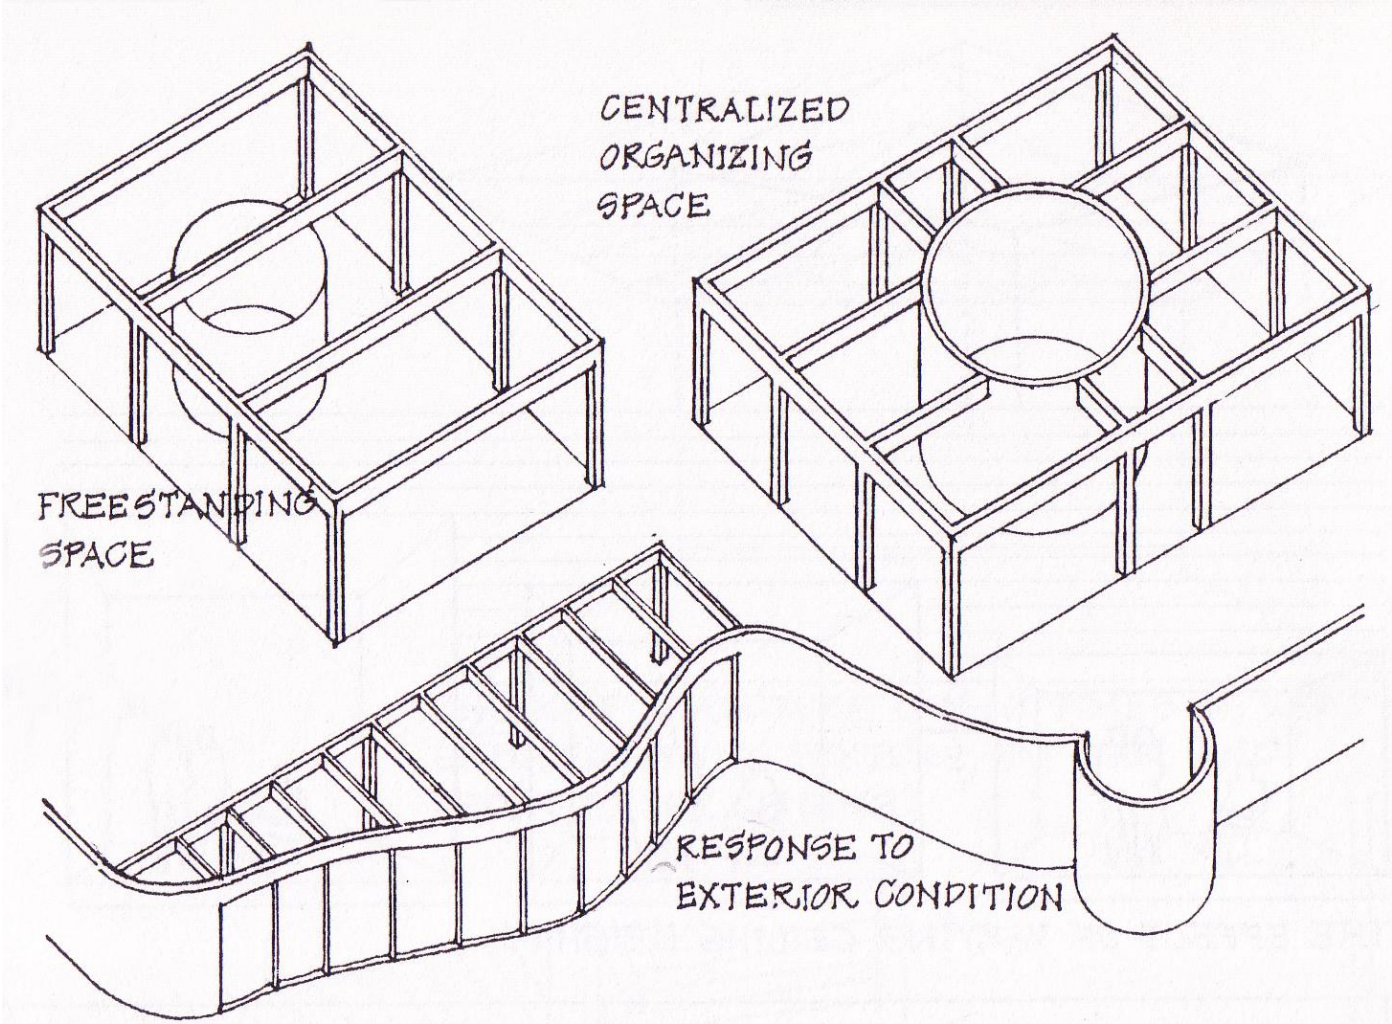

Ruang adalah elemen atau bahan utama dalam perancangan dan elemen penting dalam desain interior. Melalui volume ruang kita tidak hanya bergerak,kita melihat bentuk, mendengar suara, merasakan angin dan hangatnya matahari, mencium aroma bunga mekar. Ruang mewarisi daya sensual dan karakteristik estetika elemen tersebut dalam bidangnya.

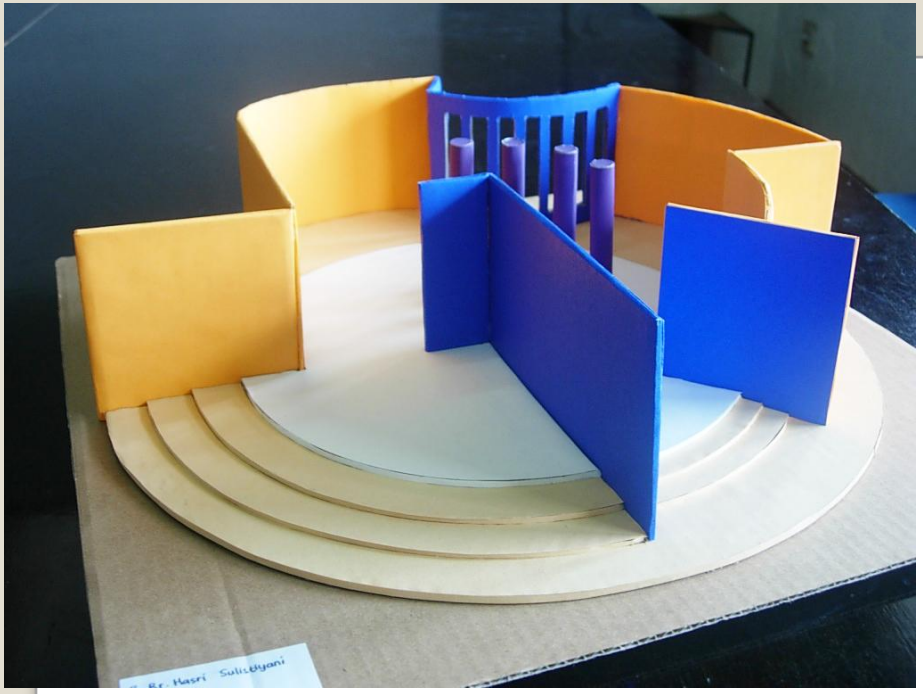

Bentuk

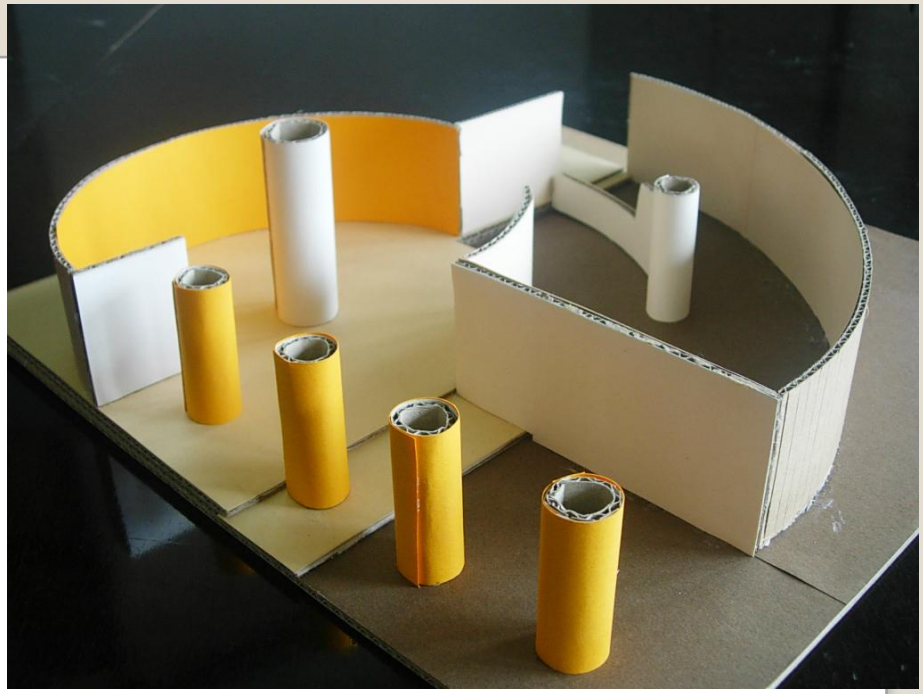

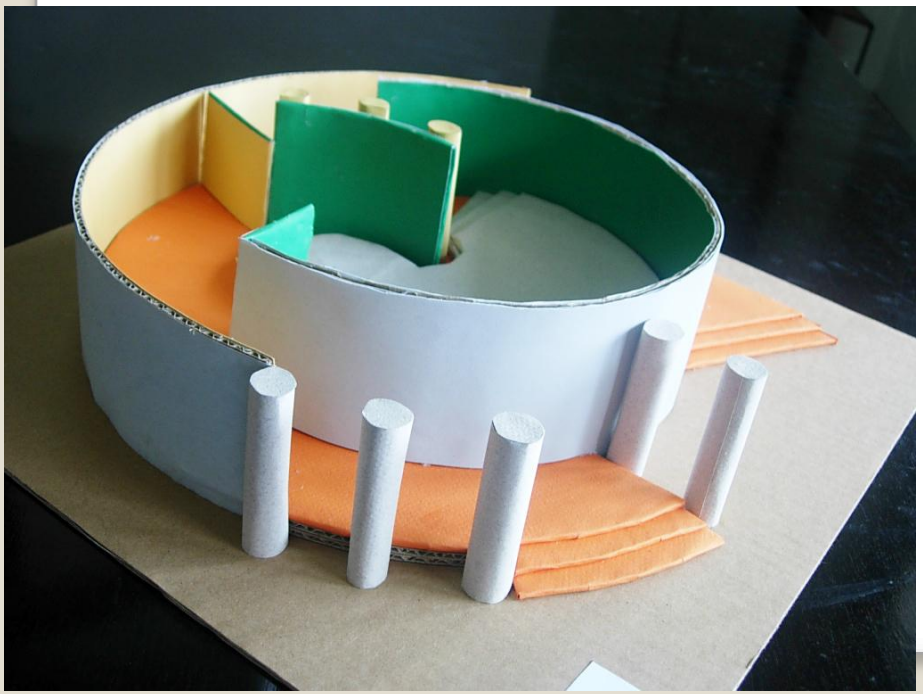

Horizontal dimensions alone do not determine the ultimate qualities and usefulness of a space. They only suggest oppurtunities for development.
