ABSTRACT

Helder Olivio Freitas Amaral, 4430621, Timor Leste Toward Full Membership of ASEAN and the Impact to Bilateral Relation Australia – Timor Leste. The Dicipline Program Sciences, of International Relations Department, Faculty of Social and political Sciences, University of Computer Indonesia, Bandung, 2011.

In the recent years, Government of Timor Leste strive to seek for support from ASEAN countries so that that youngest country could get full membership. Moreover, become an ASEAN member, Timor Leste intend to ensure political and economic interest from the great countries around him that potentially could take an action to invasion. As if Timor Leste will become ASEAN member, then bargaining position of Timor Leste will turning up in Southeast Asia Region even international stage.

Timor Leste's Plan to incorporate in ASEAN give impact to bilateral relation between Timor Leste – Australia. As if it will taking place in the near future, Political and Economic influences of Australia toward decrease. The causes are Foreign Policy of East Timor will turning around Southeast Asia in the ASEAN's mechanism than Australia. Hypothesis of this thesis is "As if Timor Leste will incorporate to be ASEAN's Member, then these thing will decreasing both Economic and Political Influences of Australia in Timor Leste, due to Timor Leste will pursue national interest of him include Political and Economic in the ASEAN's mechanism framework".

Research method's in this Thesis was adopted Book Literature and Library Research. Those methods are collected data that relevant with this research.

The conclusion according of this research found that the Political and Economic Influences of Australia will decrease because of dependencies to both sectors is turning down. Entrance of Timor Leste to become ASEAN member bring about both positive and negative impact. The Positive has both dimension, Political and Economic dimension.
