This research aimed to find out the self concept of information department member at Sulaiman Air Force Base in Bandung.

The approach used in this research was qualitative, and the methodology used was phenomenology method. The data collection techniques used by the researcher were interview, literature review and internet browsing. The subject in this research was Information Department of Sulaiman Air Force Base, and the research object were two members in Sulaiman Air Force Base. The researcher chose those members as informants of this research by using purposive sampling technique.

The result of this research showed that the suroundings of thos members who include parents and family, and also wife, children and siblings had a role in forming the self concept of Information Department in Sulaiman Air Force Base at Bandung. The reference group in this tern was the Air Force wich also influenced the forming of self concept of Information Department in Sulaiman Air Force Base at Bandung.

From the result, the researcher could conclude that the self concept of Information Department in Sulaiman Air Force Base were firm, dicipline and responsible as declared in Soldier Oath and Sapta Marga in protecting the unity of Indonesian Republic.

The researcher suggestion was to keep the Soldier Oath and Sapta Marga in protecting the unity of Indonesian Republic since Air Force is the front liner in guarding this country unity from inside and/or outside threatening.
