## ABSTRACT

RIJAL, RIZKI SAEFUL. 2011. 51908161: RE-DESIGN LOGO WINTECH DIVISI IT TRAINING CENTER PT. MANDALA INDONESIA TECHNOLOGY. Job Training Report. Visual Communication Design.Advisor : Ivan Kurniawan, S.Sn. Coordinator : Wantoro, S.Ds. Faculty of Design.UNIVERSITY COMPUTER INDONESIA.

**Key word :** *Re – Design Logo Wintech***.**

The Objectives of creating the new logo of Wintech, because the old logo is not suitable with the concept itself Wintech. The old logo doesn't match with the technologyconcept which is now being run and less characterized.The job training is implemented for two months.It is implemented from march 14th 2011 until may 31th 2011.

The job training is done in a company that runs in IT training field,such as : This training gives information about IT education and basic training program.The design of Wintech logo is with some inputs which are suitable with the wishes of company,in order that the design which was created can be suitable with the concept.

Creating logo of company requires deep research. Because this process takes long time, so that the logo is suitable with the wishes of company.
