

Journal of Engineering Research

A Refereed Journal, Published by the Academic Publication Council - Kuwait University

Special Issue

In line with the policy of JER to support and cooperate with distinguished international conferences related to science and engineering, this special issue of JER is the results of collaboration with the organizing committee of the 2nd ASEAN Symposium for Science, Engineering, Economic, and Education (the 2nd ASSEEE 2021). Hoping that this fruitful cooperation continues for years to come.

Prof. Ameer Al Haddad
Editor-in-Chief
Journal of Engineering Research

A bibliometric analysis of materials research in Indonesian journal using VOSviewer
Covid 19 Early Warning Detection System
Design of heat exchanger for the production of synthesis silica
Design of heat exchanger for the production of zinc imidazole framework-8 (ZIF-8) particles
Development of smartphone application for personalized physical fitness education for university students in COVID-19 pandemic era
Differences of electroencephalography wave with eyes-closed between older women with dementia and without dementia
Effect of body weight training plus low carbohydrate diet versus running plus low carbohydrate diet on body fat percentage changes in overweight and obese young man
Effects of Particle Size and Composite Composition of Carbon Microparticles as Reinforcement Components on Resin-Based Brake Pad Performance
Effects of Particle Size and Composite Composition of Durian Peels and Banana Midribs' as Reinforcement Components on Resin-Based Brake Pad Performance
Green Building Concept Application with VRF Air Conditioning System
Internet of Things-based Street Lighting System with Message Queuing Telemetry Transport and Progressive Web Application
Isotherm study of banana stem waste adsorbents to reduce the concentration of textile dyeing waste
Mapping application for Greater Bandung Area using Web Technology
Mechanical Properties of briquette by mixing rice and micrometer-sized carbon particles from potato and yam skins
Model Recommendation Creation for New Entrepreneur using TOPSIS Method in Bandung Raya
Monitoring Information System of Covid-19 Cases in Dago, Bandung, Indonesia
Nanocurcumin potential to increase mitochondrial biogenesis in skeletal muscle via AMPK-PGC-1alpha
Optimal Path Planning using Informed Probabilistic Road Map Algorithm
Prevention and control of tuberculosis infections: a phenomenology study
Rice flour as a heat insulator for learning media for students with special needs
Role of resveratrol and chrysin on inflammation and liver function in obese mice
Smart Cluster Housing Monitoring with ESP32, ESP-Mesh and Django
Smart Health Pregnancy by Augmented Reality: An Interactive Guide for Embryo Growth Using Multi-Marker
Sustainable Agricultural Land Management in Garut Regency, West Java Province, Indonesia
Tapioca flour as a heat insulator for learning media for students with hearing impairments
The Impact of Hygiene during COVID-19 Pandemic using Wheat Bread Microparticles: From Chemical Nutrient Content, Hand Hygiene, Multiplied Microorganisms to Education for Students with Special Needs
